

First Steps

We are little
Engineers

We are little
Cooks

We are little
Inventors

We are little
Explorers

We can be
anything we
want to be

OUR VISION

Our friendly Two Year Old Provision provides a warm and enabling environment for the children to feel confident in themselves to explore a world of intriguing learning experiences. At First Steps, we use the [Early Years Foundation Stage Framework](#) whilst implementing [The Reggio Emilia Approach](#). This is an educational philosophy, constructed by an amazing pioneer of The Early Years. The Reggio Emilia Approach to Early Childhood Education views young children as individuals who are curious about their world and have the powerful potential to learn from what surrounds them. Our children are bold, thoughtful, understanding and full of personality.

A Day in the Life of First Steps

We read stories, engage in role-play with an environment full of purposeful resources, an Emergent Curriculum, in-depth projects, collaboration, promoting inquisition and curiosity and we like having fun as we learn. We are First Steps.
