8th January 2021

Dear Parents

Please find the following documents attached, relating to our live learning;

- Pupil code of conduct
- Pupil and Parent expectations
- Epsom Primary Lockdown Contingency plan

It is important that you read these documents thoroughly and indicate on the Google form (at the link below) that you have read them. The Google form includes an option if your child cannot access remote learning. It is possible to access Google Classroom through an Xbox or PlayStation and these instructions are included in this email.

There is a great deal to consider when setting up live teaching with regards to appropriate access, safeguarding, e-safety and managing the needs of pupils in school and those who are working remotely.

Our feeling is that engaging children from home to motivate them to be excited about their learning is so important at this difficult time. The timetable included will give you clear timings for the live lessons but we too have staff absent, so if your child's teacher is not available to teach the lesson, a recording from that year group will be uploaded on to your child's Google Classroom.

Please bare with us; we will review the remote learning offer weekly and endeavour to continually move it forward.

Keep safe and please work with us to ensure the best outcomes for your child.
