

## Pupil Code of Conduct for Live Lessons

I will:

- Show the same amount of respect for my teachers and classmates as I would in the classroom, including using respectful language, at all times.
- Be kind at all times.
- Keep my microphone on mute unless I am asked by the teacher to turn it on.
- Use the 'reactions' button to put my hand up if I want to say something and wait for my teacher's response.
- Engage with the lesson, making sure you can be seen by the teacher.
- Make sure there is not any personal information, pictures or items in view while I have my video on.
- Remember that I am not allowed to film the lesson or record any part of it as well as putting this on social media.
- Follow the school's behaviour policy at all times.
